

February Newsletter

For the month of February we will be working on the letters M-P. We will be doing worksheets that help to recognize the sounds these letters make and familiar words that start with these letters. Our arts and crafts will focus on the letter of the week, or as with the week of Valentines Day it will be holiday related.

February is also Dental Hygiene month and we will be incorporating that into the lesson plan as well. You will see some sheets coming home on that topic. My children's dentist office generously donated dental gift bags for our class and I will be sending those home this week. We will be discussing the importance of good dental hygiene and doing some fun activities throughout the month.

We have a new morning prayer and blessing that I hope your children have shared with you at home. As always we discuss the current weather, which unfortunately has been very cold and the children are looking forward to some warmer weather so that we can go back outside to play. The Bible verse will now be for the entire month instead of a new one each week. Also, you may hear a few new songs at home that we have been singing and will continue to add new ones .

We also have a new center in our class room. We now have a computer!! The children have been very curious and we will be slowly working that into our schedule during the day on a one-on-one basis. All of the computer games that we will have are educational and fun and I know they will enjoy a new activity.

Thanks
Bickie
