

A Note from the Teacher

Dear Families,

It is with sadness I tell you that my mother passed away yesterday. I was blessed to be able to travel to South Florida in time to spend one more glorious day with her. I thank you for your understanding. Mrs. Pearston will continue to be in the classroom during my absence. I will be returning on Monday February 20.

The letter of the week for February 13 - 17 will be Vv. The children will be creating several valentine crafts, exchanging valentines, and enjoying a special valentine snack.

The class will complete workbook pages for Vv and complete activities in the math bins for numbers 1-20. The class will also read " The Very Hungry Caterpillar" by Eric Carle, sequence numbers 1 - 10 using caterpillar magnets, create a caterpillar picture, and a caterpillar puppet.

The class will be discussing the difference between healthy and unhealthy foods and they will then sort pictures of food into the two categories. The children will be exploring the sense of taste. They will be encouraged to taste sweet, sour, bitter, and salty items and then document which ones they like.

The class will play the living book 'Just Me and My Grandma' by Mercer Mayer.

Thank you again for your understanding.

Fondly,

Kelly
