

February 20, 2012

Hello everyone.

Here are just a few things we need to discuss with everyone. There will be no school on Monday, February 20th due to the President's holiday; school will be back on Tuesday, February 21st.

Registration is still open but the time is running out to receive a \$25 registration discount. On Thursday, March 22nd we are having an Open House- Registration night from 6:30-8:00pm so drop in during that time to take advantage of this discount and meet with some of the teachers for next year. This discount expires at the

end of March but registration will remain open throughout the summer. If you have any friends or neighbors who are looking into preschools please pass this information along to them. The public is welcome to come to this Open House and we would love to welcome new children into our preschool family.

Also I am attaching the flyer regarding our Movie Drive In days- it should be a lot of fun and I am looking forward to see what kind of cars everyone has created. Get creative and have fun! Any questions regarding this day please don't hesitate to ask.

We will continue to talk about Outer Space, the moon, sun and stars along with introducing the letter T. Keep practicing those cutting skills at home but I have to say they are much improved in this area. Another area that we are going to focus more on is the one to one correspondence when counting.

Please practice this skill at home - give them a bowl of objects such as goldfish or fruit loops even and have them count them out one at a time into another bowl. This will help them learn to understand what the number 1 (or 2 or 3 etc.) really means. I have been seeing them pick up more than one at a time and the count does not match the number we are asking for. We will continue to work on this skill at home but any reinforcement that can be done at home is only to the advantage of the child. I hope that everyone has a great weekend. I will see you on Tuesday.

Ms. Jodi
